Utility Companies & Agencies

Appendix C

UTILITY COMPANIES AND AGENCIES

The following is a summary list of utility companies with utilities within the NOSD, as well as public agencies with jurisdiction within the NOSD. This summary is not necessarily complete or up to date, and is included solely for benefit of the developer, and is not intended to indicate all utilities or agencies which must be contacted or from which approvals must be obtained. As noted in the various sections of the PWDS, design and construction of improvements within the NOSD must fully comply with the applicable rules and regulations of all applicable agencies, including but not limited to those listed below. In the event of discrepancies between these PWDS and applicable agency requirements, the more stringent requirements *(as determined by the NOSD Superintendent)* shall apply.
